TRANSPORTATION projects  
bound to reshape cities**

## CALL FOR PAPERS!

To highlight the city of Montreal's 375<sup>th</sup> anniversary, the next edition of Routes & Transports magazine will be showcasing cities!

With the same theme as the next AQTr convention, "City, Vision, Vitality," this edition will be dedicated to innovative and inspiring transportation projects and initiatives that have been implemented in cities in Quebec, across Canada and around the world!

Examples of topics:

- Integrated planning
- Trip management and flow
- Information and communication
- Mobility and/or smart cities
- Big data
- New technologies and digital tools
- New smart technology services and offerings
- Going green
- Transportation electrification
- Municipal infrastructures
- New materials
- Sharing economy
- Methods of financing and innovative implementation
- E-commerce
- Managing large projects
- Sustainable urban planning
- Etc.
