

routes et transports

A PUBLICATION FROM THE ASSOCIATION QUÉBÉCOISE DES TRANSPORTS

CALL FOR PAPERS Spring 2018 Edition

Deadline for submitting your
abstract (150 words) : **December 5, 2017**

Innovation all around

Publish the results of your latest research, study or project!

The AQTr is seeking articles for the 2018 edition of its magazine *routes & transports*, which will be placing great emphasis on the topic of innovation. In line with the AQTr's 53rd convention, *Innovation all around* is the theme of this edition, which will focus on innovative transport initiatives in Quebec, across Canada and around the world.

Suggested Topics

Innovation is everywhere. If you're inspired by this topic, regardless of which transportation sector you're from, share your knowledge, research, projects, programs or technology with the transport community:

- Sustainable mobility
- Traffic management
- Transport safety and control
- Development
- New energy sources
- Winter maintenance
- Road infrastructures
- Rail infrastructures
- Planning
- Economic development
- Large projects
- Municipal concerns
- Smart mobility and ITS
- Public transit
- Transport logistics

WE LOOK FORWARD TO
RECEIVING YOUR PROPOSAL!
