

Application Standards for the *Road Safety Education Program – Operating a Three-Wheeled Motorcycle*¹

To obtain an authorization to drive a three-wheeled motorcycle with a Class 5 driver's licence, a candidate must have successfully completed a theoretical and practical course at a driving school recognized by an agency accredited by the SAAQ.

The driving course lasts a minimum of 7 hours and consists of the following:

- 3 hours of theoretical instruction;
- 2 hours of practical training on a closed circuit track;
- 2 hours of practical training on the road, the final hour of which is devoted to evaluating the learners.

Theoretical instruction must be completed before practical training can begin.
